

Introduction

CONNECTING CLASSROOMS THROUGH GLOBAL LEARNING GRANT APPLICATION

Guidance for applicants

It is essential you familiarise yourself with the Practical Guide to Connecting Classrooms through Global Learning which contains practical information to cover your partnership journey, as well as a checklist to help you ensure your application meets eligibility criteria. It also contains information about how your application will be assessed.

We strongly encourage you to include as much detail as possible in your Connecting Classrooms application. Applications must be completed as a joint endeavour between UK and overseas schools, and we expect to see strong evidence of collaboration and joint working. We want to hear both UK and overseas voices in the application; failure to achieve this will result in a low assessment score.

By completing this process, your school will automatically qualify for the British Council's International School Award at Foundation, Intermediate or Accreditation level depending on your activities and current ISA status. For more information [click here](#).

Instructions on how to fill out the form

This application form can be saved at any time before completing or submitting it. In order to save the form and complete it later, click on the 'Save' button at the top or bottom of the page. The form is also automatically saved as you navigate through the pages.

Your application ID is shown below. Please use this ID in all correspondence with British Council.

British Council will use the information that you are providing in connection with processing your registration. The legal basis for processing your information is agreement with our terms and conditions of registration (contract). Your information will be shared with our operational partners only for the purposes of assessment and personal development identification.

Data Protection

British Council complies with data protection law in the UK and laws in other countries that meet internationally accepted standards.

You have the right to ask for a copy of the information we hold on you, and the right to ask us to correct any inaccuracies in that information. If you have concerns about how we have used your personal information, you also have the right to complain to a privacy regulator.

For detailed information, please refer to the privacy section of our website, www.britishcouncil.org/privacy or contact your local British Council office. We will keep your information for a period of 7 years from the time of collection.

Share Application Form

Applications must be completed as a joint endeavour between UK and overseas participating schools. We expect to see strong evidence of collaboration and joint working.

An application must be initiated by a UK school. Other schools in the partnership are encouraged to contribute to the application form.

In order to share the application form with other schools in your partnership, you must first select 'Create Project' below and enter a suitable project name (This is just for your own internal records).

Once a project name has been created, you can begin to complete the application form. You can save and exit your application form at any point. To return to the application at a later date, simply login to the [Application portal](#) and open the application from the 'Saved' tab or the 'My Projects' tab.

To allow other schools in your partnership access to the application form, you must login to the [Application portal](#) and click on the 'Share this project' button from the 'My Projects' tab . A 'project code' will be generated –you will need to share this with you partner schools.

Your partners will need to register on the [Application portal](#) and navigate to the 'My Projects' tab. To access the application form they must click the 'Join a project' and enter the project code. Entering the project code will allow them to have access to read and edit the application.

If you do not want your partners to be able to edit the application form or submit it on your behalf, you can share the application in a read-only mode. To do this you must select the 'Lock Application form' button below.

Partnership type

There are two options for partnership composition that can be considered for grant funding:

- **Cluster** (As a minimum there must be four schools, one of which must be from a participating country outside the UK. Each UK school in the cluster taking part in reciprocal visits must have a partner school in a participating country overseas.) Applicants can apply for grant funding to support global learning, training and reciprocal visits.
- **One to one** (one UK institution linked with one overseas institution in a participating country):

Please select the partnership type applicable to you,

Collaborative Pupil Project

Schools in one-to-one partnerships are required to implement a collaborative pupil project of at least one school term in length. This collaborative activity should be aligned with the theme or themes associated with the country of each school participating in the project. Please visit our website for more information about countries and themes
Pupil-to-pupil collaborative projects give partnerships a framework to run a collaborative, pupil-focused programme of work.

The templates are based around the United Nations Sustainable Development Goals and address topics which are high on the agenda of governments around the world in the 21st century. Each template can be adapted to meet the needs of your country, your classroom and your curriculum.

Please identify the global issue(s) which your project will explore and the transferable skills that will be developed as a result (200 words max)

(Please click on 'Add row' button to add lines to the table for data entry)
